Domaine Claudie Jobard

Vineyards size

20 hectares

Farming

Agriculture raisonnée.
The cépage is chosen depending on the soil, a perfect match is made thanks to their activity of nurseryman.

History

Claudie's father, Roger, created the domaine in the 70s using his knowledge as a nurseryman to match the best vine to the best soil.
In 2002, Claudie took over the domaine and also the nurseryman activity.
Recently, she was entrusted her mother's domaine in Pommard - 7 generations old.

The top value of the domaine

From the choice of the grape to the bottling, Claudie is looking for quality, precision and brings all her passion to her wines.

A Rully specialist !
Some mono-parcel selections for a better harmony. Pleasure wines available in red and white.
The family domaine in Pommard that Claudie took over brought to her domaine some Bourgogne, Pommard and Beaune. Some very old vines bring character and a great personality to the wines.
