The top value of the domaine
A single wine on a single parcel ! 3 years of attention to bring the best of this very specific Terroir.

The wines
Philippe et Bénigne Joliet produce only one wine on the Clos de la Perrière, most of it is red and a little white is also done. Both have the appellation Fixin 1er Cru Clos de la Perrière. They take care of the wines during 3 years before it is ready; this is due to the freshness of the cellar which slows down the evolution of the wine.

This single parcel is located on the top of the hill of Fixin, bringing some powerful aromas of small ripened fruits, roasted coffee, leather. This wine has a huge potential of aging.
